

As a school, Gatten and Lake Primary support the 'Sainsbury's School Games'; this is a unique opportunity to motivate and inspire millions of young people across the country to take part in more competitive school sport. The Sainsbury's School Games are designed to build on the magic of 2012 to enable every school and child to participate in competitive sport, including meaningful opportunities for disabled youngsters.

The Sainsbury's School Games are made up of four levels of activity: competition in schools, between schools, at county/area level and a national finals event:

Level 1 - sporting competition for all students in school through intra-school competition: at Gatten and Lake all children take part in our 'PE challenges' where they compete in PE activities both in classes & against other classes.

These are displayed on our PE notice boards.

Level 2 - individuals and teams are selected to represent their schools in local inter-school competitions: At Gatten and Lake we compete in events against other schools across the Island.

Level 3 - the county/area will stage multi-sport School Games festivals as a culmination of the year-round school sport competition.

Level 4 - The Sainsbury's School Games: A national multi-sport event where the most talented young people in the UK will be selected to compete in our sporting venues (including the Olympic Park)

Detailed information of school competitions and events can be viewed following the link below.
